Re: Proposed Co-location of Art In Motion Charter School and Emil G. Hirsch Metropolitan High School

Dear Staff and Local School Council Members:

Chicago Public Schools (CPS) is committed to providing every child from every community with a high quality education that prepares them for success in college and in life. CPS students continue to make record-breaking academic progress in every part of the city. Our vision is that all CPS schools can build on this progress by offering high quality, rigorous instruction from talented educators that help put Chicago students on a path to lasting success.

Art In Motion Charter School would be a new charter school and is currently proposed to open in the fall of 2018 in the Greater Grand Crossing Community. Pending the Chicago Board of Education's ("Board") action on the charter school proposal at its December 6, 2017 Board Meeting, the school will open serving 200 students in grades 7 and 8 and will grow to serve one grade per year until it reaches grades 7 through 12.

To provide Art In Motion Charter School with a location to establish and grow their learning environment for students of the Greater Grand Crossing community, I am proposing the co-location of Art In Motion Charter School with Emil G. Hirsch Metropolitan High School, located at 7740 S. Ingleside Avenue. The proposed co-location of Art In Motion Charter School with Hirsch High School is contingent upon the Board's approval of the charter school proposal on December 6, 2017.

This proposal is consistent with the Chief Executive Officer's Guidelines for School Actions (Guidelines) for co-locations because it is a proposal formally requested by community members of Art In Motion Charter School. Specifically, we have heard the request for this proposal from members of the Hirsch and Greater Grand Crossing community including parents, homeowners, and community representatives through a letter dated November 22, 2017. The resulting space utilization data after the co-location will not exceed the facility's enrollment efficiency range, as defined by the CPS' Space Utilization Standards.

If this proposal is approved by the Board of Education of the City of Chicago (Board), CPS will co-locate Art In Motion Charter School with Emil G. Hirsch Metropolitan High School.

If you would like more details about the proposed co-location, please refer to the DRAFT Transition Plan that is included with this letter.

As a next step, CPS will hold two community meetings and one public hearing to hear further feedback on the CPS' proposal (meeting information is below). Following these meetings and hearings, the Board of Education may vote on this proposal as early as February of 2018.

Public Comment on this Proposal

I invite you to share your feedback on this proposal during the following two community meetings and one public hearing noted below:
